

Account Holder Products

The **South Australian Integrated Land Information System (SAILIS)** offers an extensive land information product suite online at www.sailis.lssa.com.au.

Certain features and products are only available to SAILIS Account Holders, these include:

72 Hour Re-Order

Account Customers have a 72 hour re-order period where any user linked to the Account can re-order the same product for no additional charge. Where the 72 hour re-order period applies the user will not see the order confirmation page. This applies for all chargeable products with the exception of SA Water products.

The re-order period is displayed at the bottom of the on-screen view of the purchased product.

Additional Products

In addition to the standard suite of Land Search Products there are four searches available to Account Customers only:

Register Search Plus

The **Register Search Plus** in the SAILIS **Land Search** menu is a product bundle option for Account Customers to purchase a copy of the Register Search and receive access to a copy of the Plan and registered Dealings at no additional cost.

These additional products can be accessed directly through hyperlinks on the on-screen and PDF version of the Register Search. A Historical Search can be used to establish the number of Dealings registered on the Certificate of Title to determine if it would be beneficial to order a Register Search Plus.

Bulk Register Search

The **Bulk Register Search** option in the SAILIS **Land Search** menu can be used to order up to 20 different Certificates of Title or Crown Leases Register Searches. The Register Searches will be in a PDF format and delivered on screen in a ZIP file.

Bulk Check Search

The Bulk Check Search option in the SAILIS **Land Search** menu can be used to order up to 20 Check Searches displaying any unregistered dealings or dealings completed in the last 90 days. The Check Searches will be in PDF format and delivered on screen in a ZIP file.

Historical Search

The Historical Search provides a list of all dealings affecting a Certificate of Title with a Volume greater than 5000. Certificates of Titles with a volume less than 5000 can be searched using the **Title Image Search** option in the SAILIS **Image Search** menu.

Title for Owner Name Search

The **Title for Owner Name Search** option in the SAILIS **Land Search** menu provides a list of Certificates of Title linked to an owner name. The Title for Owner Name Search will be in PDF format unless there are more than 100 results in the search, in which case the results must be downloaded as a CSV File.

Benefitting Name Search

The **Benefitting Name Search** option in the SAILIS **Dealing Search** menu provides a list of dealings associated with a benefiting name.

You can search for a Power of Attorney number by entering either the Grantor or Attorney name.
