## ARNECC Interoperability Statement

---

### ARNECC Interoperability Statement

I wish to advise that the Australian Registrars' National Electronic Conveyancing Council (ARNECC) has released a statement today providing important updates regarding its interoperability reform program.

You can access the full statement on the [ARNECC](#) website or through the following link [Next Steps on Interoperability](#).

I will provide you with further advice as ARNECC issues future updates.

Gemma Wallace  
REGISTRAR-GENERAL
